ESTATE SELECTION

HAPPY CANYON of SANTA BARBARA AVA

WINE ENTHUSIAST

There's an impressive amount of complexity on the nose of this bottling, from crushed graphite and concentrated black strawberry to cinnamon pastry, licorice and a brush of herbs. The sip is intense, with leathery but chiseled tannins presenting flavors of charred black currant, licorice, black olive, dried flower and white pepper.

JEB DUNNUCK

Deeply colored, it has a smoking good bouquet of crème de cassis, smoke tobacco, lead pencil, camphor, and hints of chocolate. This gives way to a powerful, opulent Cabernet Sauvignon that has plenty of sweet tannins, a layered, multi-dimensional texture, no hard edges, and an awesome finish. I'd happily put this beauty in a lineup of top Napa Valley Cabernet Sauvignon and blends.

Robert Parker
WINE ADVOCATE

Medium to deep ruby, it has a nose of sage, bay leaf, cedar, mint chocolate, pencil shavings, blackberry and black cherry with nuances of leather, grilled meats and floral sparks. Medium to full-bodied, it's luscious and silky in the mouth with wonderfully ripe fruits, a framing of classy new oak and mineral nuances. It's supported by very ripe, grainy tannins—so plush—with a long, balanced finish. Pure class. It's perfectly approachable now but full of depth and potential to grow and improve if you can keep your hands off.
